Finance Manager

We are looking for an ambitious and commercially minded Finance Manager to join our team, leading the day-to-day finance function and supporting the business with accurate financial reporting, analysis and insight. In this role, you will work closely with the Head of Operations, Executive Management Team and Board, providing meaningful financial information to support effective decision-making, while overseeing financial controls, budgeting, forecasting and reporting.

You will ideally be a fully qualified accountant (ACA, ACCA or CIMA) with proven experience producing management accounts, budgeting and forecasting, and a strong understanding of UK GAAP. You will be highly analytical and organised, with excellent attention to detail and the ability to communicate financial information clearly to non-finance colleagues. You will also enjoy developing others and identifying opportunities to improve finance processes, systems and ways of working.

Please get in touch with Susan Collyer on SCollyer@pipg.co.uk to learn more.
